NEIGHBORING DEVELOPMENT

Protecting the integrity of residential zoning for our neighborhood has been one of the longest and most successful achievements of CHVCA since we became a Registered Neighborhood Organization. There is currently discussion of developing the cul-de-sac between Columbia Place and Dartmouth into "studios." This land is adjacent to Cherry Hills Vista but is part of Englewood. Many commercial developers have attempted to acquire this property and been blocked because of us. Your continued input is essential. Representatives from Englewood City Council have been invited to attend our meeting March 19, 2018. Please plan to join us and let your voice be heard.

CABINET IN THE COMMUNITY

On Saturday March 24, 2018, 9 -11 am at EXDO Event Center, 1399 35th Street, Mayor Michael B. Hancock will hold his Cabinet in the Community. Featured activities include an interactive Town Hall and City Fair, Hiring Event, Pet Adoption, and City Vehicle Fair. FREE parking and continental breakfast. Contact Rosalind.Alston@Denvergov.org.

2018 Community Forester Workshops

Local nonprofit The Park People will partner with Denver Parks & Recreation to host the *Community Forester* program, a fun and informative, five-workshop series that will teach participants about trees and prepare them to act as stewards of the urban tree canopy. This is a great opportunity to support our environment, urban forest, community health, and quality of life in Denver. Register at 303.722.6262.

PRESIDENT'S CORNER

We are fortunate to live in a relatively safe, quiet, and friendly area of Denver. Though we certainly face issues from time to time, most of the time we have little to no problems facing the 550 or so homes in our community. Please continue to do your best to be good neighbors, to report incidents, to provide ideas, and to keep our homes and families safe. Be sure to attend the annual meeting and elections on March 19. Keep Cherry Hills Vista strong.

George Gramer, *President*

DRIVE 25! SIGNS

City Councilman Paul Kashmann has supplied the community associations in Council District 6 with "DRIVE 25!" yard signs to remind drivers that the speed limit in neighborhoods is 25 miles per hour (or less in school and safety zones). If you would like a sign, contact George Gramer or get yours the annual meeting.

Summer Youth Employment

Denver Summer Youth Employment Program is accepting applications now for 2018. Enrollees can get up to 120 hours of paid internships or employment. Participants must be 16-24 years old, Denver residents, and legally able to work. For more details, please visit bit.ly/makebanksummer2018.

FREE RECREATION PASSES FOR SENIORS

My Denver Prime provides senior residents ages 60 and older free access to Denver's recreation centers and pools, including drop-in fitness classes and clubs. Activities and classes are offered by the Active Older Adults Division of Denver Parks and Recreation. Bring your ID to any rec center front desk to register. Registration is not available online.

Fraud Hotline

Suspect a scam? Call the Denver DA Fraud Line 720.313.9179.

My Denver Card

Free access to all Denver recreation centers, swimming pools and limited special admission to educational and cultural facilities. Apply now at any Denver Rec Center.

Letter from the Editor

Is there something you would like to share with your neighbors? If you have lived in the neighborhood for a while, you may remember that this newsletter used to be bigger, more frequent, and contained advertising. Those ad dollars funded printing and helped to pay for activities. If you have news or goods or services you would like to advertise, please contact me newsletter@cherryhillsvista.org.

There are no mandatory HOA fees for CHVCA. Your tax deductible \$10 annual dues are entirely voluntary. We have continuing expenses such as our membership in the Inter-Neighborhood Cooperation, and our registration with the Secretary of State. You can mail dues or donations to our CHVCA treasurer, Sue Mulhern, 2820 South High Street, 80210. If you would like to participate in more neighborhood events such as Movie Night, Holiday parties and carriage rides, or if you have some ideas of your own to help build community, join us March 19.

Nancy Flanagan, *Editor*

Denver Receives \$100,000 Grant to Measure Air Quality at Public Schools

Denver is one of 35 Champion Cities selected as finalists in the 2018 U.S. Mayors Challenge, a nationwide competition that encourages cities to develop bold, inventive ideas that confront their toughest challenges. Denver's Department of Public Health and Environment (DDPHE) will use the associated \$100,000 grant to develop and implement a real-time, hyper-local air quality data monitoring system at 10 Denver Public Schools (DPS) campuses that will empower communities, families and schools to protect children's respiratory health. For more information on the Mayors Challenge or the American Cities Initiative, visit mayorchallenge.bloomberg.org and @BloombergCities on Twitter and Instagram.
